(b) Provide a brief summary of the corporate governance policy that the board of directors has adopted. Please emphasize the policy/ies relative to the treatment of all shareholders, respect for the rights of minority shareholders and of other stakeholders, disclosure duties, and board responsibilities.

In June 2013, to enable the Company to be more compliant with the strict requirements of corporate governance and put in place a set of standards that will serve as the Company's guiding principles; the Board of Directors of the Company approved its Manual of Corporate Governance and its Code of Business and Conduct and Ethics.

Asiabest Group International Inc. strives to become one of the leaders in its industry through the development and implementation of strategic plans, operating goals and objectives across its entire organization of competent directors, management and personnel.

The Manual of Corporate Governance (MCG), sets out the key principles, guidelines, mandates, roles, obligations and standards of best practices entailed of the Company's Board of Directors, Committees, and Management. all in the context of the ensuring that the stewardship responsibilities of the Company to its shareholders are performed within or subject to specific standards of care and competence.

The guidelines shall be an evolving set of corporate governance principles, subject to modification and

¹ Reckoned from the election immediately following January 2, 2012.

updating as circumstances warrant. A Corporate Governance Committee will be created to ensure compliance with the MCG and shall conduct periodic reviews after the close of audit once every year.

Overall, the guiding principles in the implementation, review and amendment of the MCG shall be:

1. Set out the roles and responsibilities of key persons such as Directors, Officers and Management of the Company following international standards;
2. Recognize the importance of regular reviews of ethics and performance
3. Explore avenues for improvement through the conduct of continuing education on relevant matters;
4. Ensure accountability; and
5. Instill values and practice efficiency and integrity among key persons

The essence of corporate governance is transparency. The more transparent the internal workings of the corporation are, the more difficult it will be for Management and dominant stockholders to mismanage the corporation or misappropriate its assets.

The MCG mandates the Board to respect the rights of the stockholders as provided for in the Corporation Code, namely:

1. Right to vote on all matters that require their consent or approval;
2. Pre-emptive right to all stock issuances of the corporation;
3. Right to inspect corporate books and records;
4. Right to information;
5. Right to dividends; and
6. Appraisal right.

The Board should be transparent and fair in the conduct of the annual and special stockholders' meetings of the corporation. The stockholders should be encouraged to personally attend such meetings. If they cannot attend, they should be apprised ahead of time of their right to appoint a proxy. Subject to the requirements of the by-laws, the exercise of that right shall not be unduly restricted and any doubt about the validity of a proxy should be resolved in the stockholder's favor.

It is the duty of the Board to promote the rights of the stockholders, remove impediments to the exercise of those rights and provide an adequate avenue for them to seek timely redress for breach of their rights.

The Board should take the appropriate steps to remove excessive or unnecessary costs and other administrative impediments to the stockholders' meaningful participation in meetings, whether in person or by proxy. Accurate and timely information should be made available to the stockholders to enable them to make a sound judgment on all matters brought to their attention for consideration or approval.

Although all stockholders should be treated equally or without discrimination, the Board should give minority stockholders the right to propose the holding of meetings and the items for discussion in the agenda that relate directly to the business of the corporation.

(c) How often does the Board review and approve the vision and mission?

An annual review of the MCG will be conducted to determine compliance therewith. An annual review will also permit the Board to determine the relevance, importance and impact of the Company's mission and vision to its business operations.

2) Chairman and CEO

- (a) Do different persons assume the role of Chairman of the Board of Directors and CEO? If no, describe the checks and balances laid down to ensure that the Board gets the benefit of independent views.

Yes No

Identify the Chair and CEO:

Chairman of the Board	Antonio Victoriano F. Gregorio III
CEO/President	Antonio Victoriano F. Gregorio III

The roles of Chairman and Chief Executive Officer (CEO) should, as much as practicable, be separate to foster an appropriate balance of power, increased accountability and better capacity for independent decision-making by the Board. A clear delineation of functions should be made between the Chairman and CEO upon their election. If the positions of Chairman and CEO are unified, the proper checks and balances should be laid down to ensure that the Board gets the benefit of independent views and perspectives.

Since the Company has minimal operations, the Chairman and CEO, in this case, Atty. Gregorio, still has time

to perform his duties as Chairman, when his role as Chairman is required and as CEO to oversee the minimal day to day activities of the Company. When the demands of the business increase and should the volume of work of the Chairman and CEO accordingly increase, the Board may choose to elect two different persons to occupy the positions of Chairman and CEO.

(b) Roles, Accountabilities and Deliverables

Define and clarify the roles, accountabilities and deliverables of the Chairman and CEO.

	Chairman	Chief Executive Officer

3) Explain how the board of directors plans for the succession of the CEO/Managing Director/President and the top key management positions?

The Nomination Committee shall periodically review the Company’s succession plans for the CEO and, as needed, make recommendations to the Board regarding the selection of individuals to fill this position. There shall be an annual report to the Board by the Nominating Committee on the Company’s plans regarding CEO and other senior management succession planning.

An evaluation of the CEO’s performance shall be made annually by the non-executive Directors based on objective and subjective criteria such as performance of the business, accomplishment of long-term strategic objectives, management development and organizational development.

4) Other Executive, Non-Executive and Independent Directors

Does the company have a policy of ensuring diversity of experience and background of directors in the board? Please explain.

Yes. In its 2013 MCG, it is the Board duty to install and implement a process for the selection of directors to ensure a mix of competent directors who can add value and contribute independent judgment to the formulation of sound corporate strategies and policies.

Does it ensure that at least one non-executive director has an experience in the sector or industry the company belongs to? Please explain.

In addition to the minimum qualifications for directors, at least one Non-Executive Director should have experience in the sector or industry in which the Company belongs to. All Directors should understand the Company’s business environment, devote sufficient time to familiarize themselves with the corporation’s business and should be constantly aware of and knowledgeable with the corporation’s operations to enable them to meaningfully contribute to the Board’s work. They should be abreast with industry developments and business trends in order to promote the corporation’s competitiveness.

Define and clarify the roles, accountabilities and deliverables of the Executive, Non-Executive and Independent Directors:

All members of the Board, whether executive, non-executive or independent should contribute to the Board’s role of stewardship. They, as a board and individually, are mandated to take care of the interests of the shareholders and protect their investments through the implementation of sound corporate policies and plans.

Provide the company's definition of "independence" and describe the company's compliance to the definition.

Independence in reference to Independent Directors means independence from management and freedom from any business or other relationship which could, or could reasonably be perceived to, materially interfere with an Independent Director's exercise of independent judgment in carrying out his/ her responsibilities as a director of the corporation.

Does the company have a term limit of five consecutive years for independent directors? If after two years, the company wishes to bring back an independent director who had served for five years, does it limit the term for no more than four additional years? Please explain.

To ensure that the objectivity and impartiality of an independent director is not compromised, an independent director shall be ineligible for nomination and re-election, after serving the Company for five (5) consecutive years. However, after a "cooling off" period of two (2) years such person should not engage in any activity that, under the Securities Regulation Code and other relevant rules, disqualifies him from being elected as an independent director. Re-election of a person who has served as an independent director for five years is allowed after the mandatory two-year cooling-off period. Upon reelection, such person may serve as an independent director for another four consecutive years. After serving for ten (10) years, a person is perpetually barred from serving as an independent director, without prejudice to his being elected as such in other companies outside the Company.
